

Where to go for **GREAT MEDICINE**

Going to see your **primary care** provider when you are sick and for your annual check-ups is always best. Having a primary care doctor who knows you and your health will help you make the best treatment decisions when you are sick. If you find yourself sick at a time when your primary clinic is closed, here is a guide about where to go for treatment.

Still Unsure When to Choose Urgent Care?

Our Emergency Department best serves patients requiring immediate medical attention for life or limb-threatening situations, including heart attack, stroke and trauma injuries. Urgent Care Services **usually cost less** than Emergency services, and Urgent Care patients often receive treatment and **return home sooner**.

Our Urgent Care Clinics offer laboratory and imaging services read by the same radiologists at our Emergency Department — for an overall lesser cost. St. Bernard's Urgent Care Clinics see patients with all insurances.
